

***Dear Kindergarten Parents:***

***Each year I give my class the opportunity to buy good literature at a low cost by using book clubs such as scholastic. This year we will use several different clubs sponsored by scholastic to give you a variety of books to choose from.***

***You do not have to buy any books. This is just an opportunity to look through the catalogues and see what is available for your child. When we use these clubs our class receives bonus points which gives us the chance to order classroom books at NO cost.***

***I will not go through each catalogue and cross out what I feel is unfit literature. I will leave that up to your discretion. I will ask, though, that any book that has action figures, deals with halloween or that type of genre, etc., be kept at home after the purchase. Thank you.***

***If you choose to purchase from the clubs:***

- 1. Please fill out the order sheet on the back of each catalogue. Be sure that each book you want to purchase is marked correctly.***
- 2. Please be sure that your child's name is on each order.***
- 3. Please be sure to send the money for the order along with the order.***
- 4. If you write a check, please make it out to MGA .***

***These books make great gifts, stocking stuffers, and are great additions to your child's library. I still have some that I purchased when I first started teaching. So if kept nicely, even the paperback books last... ;-)***

***Thank you for your continued support. If you have any questions or concerns, please let me know.***

***Judy K.***
