

General Information:

Communication:

Good communication between school and family is vital for a successful educational experience. Communication will be regularly sent home using a sealable folder. The folder will be sent home daily -- even if it is empty. This will be an important mode of communication so please check and return the **folder** each day. In this way requested information and/or notes from home can be exchanged as soon and secure as possible. Please make sure that your child lunch needs are clearly communicated to insure a good meal on time for him/her.

Supplies Needed:

There will be a \$50.00 charge which will cover all the school supplies your child needs in the classroom for the year. This can be paid directly to me or at the front office. With the \$50.00 I will provide pencils, erasers, washable markers, colored pencils, crayons, chalk, glue, and glue sticks, film (for the yearbook), scissors, folders, paper towels, extra workbooks, and other supplies that will make learning fun for your child. This obviously does not cover supply costs, so a small donation may be requested later in the year. Below is a small list of things for you to send on the first day of school. Remember, your child only has a small storage cubby for jackets, backpack, an extra set of clothing, a small blanket, and a lunch box.

- \$50.00
- An extra set of clothing (school uniform) will be provided at school in case of accident. Please be prompt in cleaning and returning the clothing.
- Small blanket (optional)
- 1 box of Kleenex to share with class
- No toys ever (please) (Friday Show and Tell day is the only exception and it is always nice to share something connected with something learned).

***Be sure to send a healthy snack (fruit, nuts, vegetable sticks, cheese, crackers, etc.) daily, if you want your child to have a mid-morning snack.
