Reading:

Parents, **Continue working on the gross and fine motor skill ideas I sent home.** We are studying our We are studying the letter “Qq”. The sound or “qu” is made by producing the sound of “k” and “w” close together. Tap the back of your tongue against your soft palate and quickly round your lips as you use your voice. Have your child feel his/her throat and mouth as she/he sounds the letter “Qq”. Does a lot of air come out of your mouth? Does your throat vibrate? Talk about how this letter is never by itself in a word. It has to have the letter “u” beside it. Look for things around the house that begin with the letter “Qq”. Go over the letters we have studied: **Ss, Tt, Bb, Ff, Pp, Rr, Dd, Jj, Kk, Ll, Mm, Nn, Vv, Xx, Zz, Hh, Cc, Aa, Ee, Ii, Oo, Uu, Yy, Ww, Gg, and Qq.** Make sure your child can **identify these and make their sound.** Have your child **write these letters using the capital and lower case.** Students, please **continue to practice writing your name.** Remember we only use a capital at the beginning of our first, middle, and last name. **We are having trouble making our lower case “A”.** Please help us by practicing at home with your child. **Start putting sounds together: at words, ad words, an words, etc. than go on with ed, en, et, etc., it, in, id, etc., od, ot, on, etc., ut, un, ud, etc.....**

Many of us still do not know our **address, phone number, and birthdate.** Let's keep practising. **JUST SOME of us can not tie our shoes!! Thank you for your help with this! Please keep practicing these at home.... These are homework assignments. Thank you....**
