You must satisfy the requirements under the specific diploma type column to receive that diploma. You must take all classes offered for the Standard Diploma at MGA plus an additional 35 semester periods of electives. sp: semester periods GPA: Grade Point Average	DETERMINING YOUR CLASS STANDING: Generally speaking, you move up one class standing at the end of every school year. So, 8 th graders become Freshmen, Freshmen become Sophomores, Sophomores become Juniors, and Juniors become Seniors. Check the appropriate box next to your class standing for next year. Now check the classes you wish to take in the specific column under your next year's class standing. All classes are full year classes unless denoted as a semester class. If you failed a class or were denied academic credit, you must repeat that class (at MGA, summer school, or correspondence). Check the appropriate class you wish to repeat at MGA and we will do our best to work it in your schedule. Write in 1 for first semester, 2 for second semester, or 1 & 2 for entire year next to the class you wish to repeat.
